

# Seeking Parent and Community Input!

Sign up for a Student Assignment Focus Group

Parents will explore how school assignment and choice affect their families and children and will consider ways to improve access to quality public schools.

Content in focus groups will not be Ward specific. Participants will provide input on the principles and values that should guide citywide changes to attendance boundaries, feeder patterns, transfers and school choice policies.

**Space is limited so you must sign up to attend.**

To sign up go to: [www.dme.dc.gov](http://www.dme.dc.gov) (under Initiatives and Priorities) or call (202) 478-5738. Each focus group is open to any DC resident. Interpretation services are available upon request.
